Full-Stack Web Developer | Nearly 2 Years of Experience

◆ SUMMARY

Full-Stack Developer with nearly 2 years of experience in building performant, scalable, and user-centric web applications. Skilled in modern JavaScript frameworks like React.js and Express.js, with solid hands-on experience in API integration, backend development, and dashboard creation. Known for writing clean, modular code and delivering under tight timelines in collaborative, Agile teams.

◆ PROFESSIONAL EXPERIENCE

Dbug Lab Pvt. Ltd.

Web Developer

Mohali, India | July 2023 – Feb 2025

- Built interactive and responsive UIs using React.js to improve user engagement and flow.
- Developed and maintained backend services using Node.js, Express.js, and MongoDB.
- Integrated third-party APIs such as OpenAI and Udemy, adding advanced functionality to web apps.
- Worked closely with designers to convert wireframes into pixel-perfect, mobile-first interfaces.
- Ensured code quality and deployment stability via Git-based version control and rigorous debugging.

Key Projects:

- Kids' Engagement Platform – Designed secure, multi-role access with real-time chat, audio recording, and story interaction features.
 - Hearing Test Web App – Integrated Spotify Web Playback SDK for a browser-based hearing test tool using customized audio functions.
-

Primotech Pvt. Ltd.

Software Engineer

Mohali, India | Feb 2025 – Present

- Engineered full-stack features using React, Express, and MongoDB for enterprise-scale platforms.
- Built modular UIs for managing book metadata, orders, and seasonal estimates with complex grid layouts.

- Integrated Power BI APIs for real-time dashboards and interactive visualizations, including embedded user input.
- Designed scalable backend APIs for workflows like initial ordering, partner data submission, and metadata sync.
- Used React hooks, context API, and code splitting to optimize performance across large datasets.
- Collaborated in Agile teams using Jira, participating in sprint planning, peer reviews, and production deployment.

Key Projects:

- Partner Portal for Book Publishing Company – Developed a secure portal for partners to manage book lists, upload forecasts, and access visual sales data. Embedded Power BI reporting and forms.
- Seasonal Estimated Grid (SEG) – Built a complex grid system to input, validate, and sync seasonal book sales estimates with backend services.

◆ TECHNICAL SKILLS

Languages & Tools:

JavaScript (ES6+), HTML, CSS, SQL, Mongoose

Frameworks/Libraries:

React.js, Express.js, Node.js

Databases:

MongoDB, MySQL

Version Control & Deployment:

Git, GitHub, Godaddy

◆ SOFT SKILLS

Problem Solving | Communication | Team Collaboration

Leadership | Attention to Detail | Time Management

◆ EDUCATION

Bachelor of Computer Applications (BCA)

Himachal Pradesh University, Shimla

May 2020 – May 2023
